AUDI to shut down production in its plant in Győr

AUDI HUNGARIA Zrt. issued a press release today to inform the general public about suspending its plant in Győr from 23 March 2020 due to the various effects of the Covid-19 pandemic.

PannErgy plans to reallocate the excess capacity of its Győr Geothermal System that may result from halting production at AUDI to Győr's district heating system.

With regard to the capacity reallocation, PannErgy Plc. does not anticipate any material economic impact on the Company's results for the 2019/2020 heating season.
